The Clarksville Athletic Club was established in 1993 with the desire to create and maintain the best recreational, social, and fitness facility in the area; to establish a good reputation; and to become an integral part of the community.

Equipped with five pools, sand volleyball court, racquetball courts, and state-of-the-art equipment make them the best social and recreational facility in Clarksville, Tennessee, but our excellent service truly sets us apart. We offer racquetball and volleyball open play nights every week, daily children's fitness classes, seasonal swim lessons, free clinics and fitness training, all which make us the ultimate source for fun & fitness.
