

Raymore Activity Center

LOCATION

Raymore, MO

SIZE

16,400 sf

ROOF SYSTEM

Standing Seam 360

This new facility improved the community recreation amenities providing indoor activity space for community programs for the city of Raymore, Missouri located within the Kansas City Metropolitan Area. The Parks & Recreation Department had been challenged to expand its programs to meet the needs of this fast growing city.

Allowing for recreational activities year-round, the facility houses a multi-use gymnasium featuring a full basketball court, a three-lane indoor walking/running track, a concessions kitchen, and office space for staff.
