Founded in 1946 by James Bach, Royal Furniture began humbly in the downtown Memphis mall as a single storefront. Over the past 70 years, Royal Furniture has expanded into the leading furniture company in the Mid-South with 14 locations including a Memphis-based warehouse serving 6 states, and is consistently recognized as one of the top retailers in America based on sales per square-foot.

The Florida Keys Royal Furniture location is the newest addition of the family owned and operated brand of high-end furniture stores. This clear span, 15,000 sf trend-setting structure features two decorative towers, a stucco finish system applied over Dens Glass and Reverse Roll High Rib R Panel, with a Standing Seam 360 roof system. Kirby Building Systems provided special engineering considerations due to the weight of the towers and 180 mph wind speed requirement.
