

Vanguard National Trailer Manufacturing & Warehouse

LOCATION
Trenton, GA

SIZE
355,000 sf

ROOF SYSTEM
22 GA B-Deck

JMWilliams Contractors recently completed construction on the Vanguard National Trailers manufacturing center located in Trenton, GA. The client, Vanguard National Trailers Inc., is based out of Monon, IN. The 355,000 s.f. building is a hybrid design that integrates a Pre Engineered Metal Building with a conventional roofing system and bar joist structure. The trailer storage yard is approximately 1.5 million s.f. and will allow for more than 1200 trailers to be parked at one time. The project was completed in a little less than a year after breaking ground.
