

## Project Spotlight

APRIL 2020

### Frank's Express Car Wash

Builder: Murphy Contracting, Inc.

Frank's Car Wash, a family-owned and operated business headquartered in Lexington, SC, opened their first store in Columbia, SC in 1973. To keep up with changing trends, Frank's has evolved from once being all full-service washes to modern express models built today.

For Frank's Express Car Wash of White Knoll, KBS Authorized Builder Murphy Contracting, Inc. built a 3,141 square foot facility. The facility is comprised of a 35' x 85' main building with a 10' x 16'8" sidewall projection. The building features galvanized structural framing and is clad with Kirby Rib II roof system and wall system, as well as split face block. In addition, the facility incorporates 12 prismatic skylights.

Murphy Contracting, Inc. has been partnering with Frank's Car Wash since 2002, constructing new facilities across the state of South Carolina. Including the Frank's Express Car Wash, Murphy Contracting, Inc. and Kirby Building Systems have teamed together to construct 13 facilities over an 18-year span and look to continue this building relationship for years to come.
