

Promega Aviation Operations

LOCATION
Madison, WI

SIZE
17,050 sf

ROOF SYSTEM
KirbyLOK 24 GA Zinc Aluminum

The Promega Aviation Operations hangar building is located at the Dane County Regional Airport, a small-hub primary commercial service airport located six miles northeast of downtown Madison, Wisconsin.

The 17,000 sf facility was developed to create efficiencies for the company's biotechnology business and its energy use. The hangar accommodates their three business aircraft and also includes a lobby with reception desk as well as a pilot's offices and lounge. It also has a conference room (AV equipped), kitchen, workout room and indoor parking.
