BUILDING END-USE

Boat Trailer Manufacturer

Built with future expansion in mind, this custom 150'x500' single slope structure is designed for a mirror-image second phase. The interior of the building includes a manufacturing area with three 5-ton cranes, warehouse, space, and a partial mezzanine. Schweiss bi-fold hydraulic doors allow easy access to each end of the structure. A 5,000 sf gable design office is attached with a slight stepped parapet that enhancing the overall design of the entrance.
