C.H.I. Overhead Doors Offers Solutions

When you look to specify the doors for your building's openings, C.H.I. Overhead Doors, a Nucor company, has the door solution to fit your unique building's needs. Choose from an extensive offering of commercial sectional, rolling steel and rubber doors.

C.H.I.'s position as a garage door industry leader and a Nucor company offers Builders supply chain efficiencies to help ensure projects are completed on time and on budget. A responsive experienced commercial team will help you specify the right doors to achieve your project objectives – from adding aesthetic appeal, providing building security or supporting environmental targets.

Start exploring the [C.H.I. website](#) to research the specifications for sectional, rolling and high-performance rubber doors. Looking to visualize the door? Connect to [DoorVisions](#) to see what your door will look like on your project.

We are also pleased to announce an Exclusive Rebate Program for Kirby Authorized Builders through 2023. Starting from October 16, 2023, C.H.I. will offer a special rebate of \$100 per door for every C.H.I. door your company purchases until the end of the year.

Why C.H.I.

C.H.I. Rebate

C.H.I.'s highly diversified national network of professional garage door dealers, industry-leading lead times, exceptional customer service and direct delivery to customers will lend value and efficiency to your next project.
