BUILDING END-USE

Boat Dealership

Orlando Nautique is a world-class boat dealership designed with a modern architectural vision centered entirely on delivering an exceptional customer experience. The facility is comprised of three single slope buildings that are finished with Reverse R-Panel walls in Polar White, expansive storefront glass, and a surrounding façade parapet.

Inside, the experience begins at a glass-clad reception entrance anchored by a commanding 12'x20' video wall and immersive surround-sound audio. From there, the space opens into a 9,500 sf clear span showroom capable of showcasing up to 18 Nautique boats. A VIP-only "speakeasy" entrance leads from the showroom into a private sales office featuring a fully retractable 85" TV concealed within the wall. Beyond the showroom, a 5,000 sf service facility features two top-running cranes, three interior and three exterior service bays, and dedicated boat-prep bays for efficient, high-end service.
