82,500 sf

**WALL SYSTEM**  
R-Panel  
Polar White

**ROOF SYSTEM**  
Standing Seam 360  
Galvalume Plus

**BUILDING END-USE**  
Warehouse

Located in Tanner, Alabama, the Mooreville Industrial Park project is a modern warehouse facility designed to support efficient industrial operations, featuring a 220' x 376' gable structure totaling 82,500 sf. The building is clad with Kirby's R-Panel wall panels in Polar White and topped with the Standing Seam 360 roof system in Galvalume Plus, delivering a clean, durable exterior. Functional elements include multiple overhead doors with integrated loading docks to support streamlined logistics, while brick wainscoting on three walls adds visual interest and architectural appeal to the industrial design.
